

**Zbl 231.05003**

**Erdős, Paul**

*On the application of combinatorial analysis to number theory, geometry, and analysis.* (In English)

**Actes Congr. internat. Math. 1970, 3, 201-210 (1971).**

[For the entire collection see Zbl 219.00001.]

Various applications of combinatorial theorems (mainly related to Ramsey's theorem) are discussed.

Classification:

05-02 Research monographs (combinatorics)
