

Zbl 760.05025

Erdős, Paul

On some of my favourite problems in various branches of combinatorics. (In English)

Combinatorics, graphs and complexity, Proc. 4th Czech. Symp., Prachatice/Czech. 1990, Ann. Discrete Math. 51, 69-79 (1992).

[For the entire collection see Zbl 748.00023.]

Collection of problems of Paul Erdős and others in various branches of combinatorics (especially in graph theory).

Classification:

05Cxx Graph theory

00A07 Problem books

05Axx Classical combinatorial problems

Keywords:

problems; combinatorics; Erdős problems; graph theory
