THE PROBLEM OF ISOMETRIC EXTENSION IN THE UNIT SPHERE OF THE SPACE $s_p(\alpha, H)$

XIAOHONG FU

Communicated by D. E. Alspach

ABSTRACT. In this paper, we consider the problem of isometric extension in the unit sphere of the space $s_p(\alpha, H)$. We obtain that Lamperti isometric mapping of the unit sphere $S(s_p(\alpha, H))$ into itself can be extended to an isometry on the whole space $s_p(\alpha, H)$.
